DBR-ZHS.430.48.108.2020

Cracow, 16 Feb. 2021

To whom it may concern,

I hereby confirm that PhD Wojciech Kuczyński is the person carrying out a research activity no 2020/04/X/NZ4/00564 entitled „Physiology of sleep, miRNA, circadian proteins, and the assessment of anthropometric and hormonal factors, quality of life, and sex among young healthy adults – BOAT international, multicentre study protocol” funded by the National Science Centre – a Polish government agency. Research activity duration is 12 months, and total budget is 49 995 PLN.

Yours faithfully

Marcin Liana, PhD
Deputy Director
National Science Centre
